A Biblical Intensive

...to help you g-r-o-w!

Theme: Christ and the Emergents

This full-blown treatment of the EMERGENT CHURCH movement traces the plan and program of Satan down through the ages, beginning with Satan and culminating in the unveiling of Antichrist.

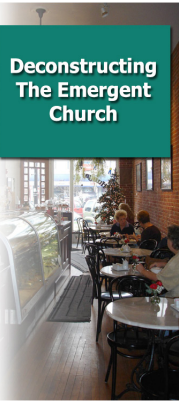

- **Learn a brief history** of pagan, modern, postmodern, and emergent thought.
- **Learn how to recognize the intrusion of emergent thinking** into our fundamental Baptist and Bible church circles.
- **Identify popular Post-modern / emergent buzz words** used as a means to infiltrate godly circles.
- **Finally, learn the dangers of casting a vision for your church** through ungodly growth-by-objective techniques and agenda-driven surveys!

Evangelical Christianity slept while the seeker movement turned our ministries away from expositional preaching and biblically driven ministries...

If we sleep through the next wave, there will be no pulpits, no churches as we know them today, and no commitment to serving Christ in and through the local church. Learn why it's closer than you may think!
